You pay no money down. If you don't make money, we don't make money! And what's more, our staff and artists will offer professional guidance to maximize the fundraising potential of your Circus/Carnival event.

Here's how it works.

You - schedule the date for your Circus/Carnival event, set the price of the tickets, promote, and sell tickets in advance. You also provide volunteers to help staff the carnival stations.

We - provide you with posters, tickets, and other materials to help promote. On the day of the event, we set up in your gymnasium on the day of the event, run the games/carnival event for up to 2 hours, and then perform a Circus Arts Spectacular Performance!

At the end of the event, all revenues are split 50-50*.

**With the exception of food / merchandise sales! Which you are welcome to organize yourself, and we will not take any revenues from that.*

We would be happy to send a performer to your next Home & School Association/PTA Meeting to discuss the details.
